

The AhaBulb Party Game

STUFF EVERY CAT OWNER SHOULD KNOW

How to play (30 seconds)

1. The reader reads a card and its three answers out loud.
2. Everyone says "One, two, three, Goldilocks!" and holds up 1, 2, or 3 fingers.
3. The reader flips the card and reads the answer and the Why.
4. Everyone who was right takes a point.
5. The reader reads the joke with a straight face. Anyone laughs or groans? The reader takes a point. Nobody got it right? The reader takes a point.
6. Pass the deck left. Most points when the points run out wins.

What you need

These cards and the point tokens on the last two pages. No tokens? Use coins, buttons, pebbles, or marshmallows. 3 to 10 players, ages 8 and up.

Expert rule: Bet It

Before the reader flips the card, you may put one of your points on your answer. Right: take your normal point plus one extra. Wrong: your bet goes back to the pile. That's it.

Printing

Print single-sided, on cardstock if you have it. Cut on the dashed lines. Each card is a 3.5 x 5 inch index card. The answer half is upside down on purpose, so the table can't peek. Cards 1 to 50 of 155. More cards and the free daily online game at sesk.info. Built 2026-10-14.

CATS

Which cats does hyperthyroidism mostly affect?

- A** Middle-aged and older cats
- B** Newborn kittens
- C** Only indoor-outdoor cats

FLIP FOR THE ANSWER

#4031

SESK.INFO

STRAIGHT FACE
What did the sick cat say? I feel clawful!

A Middle-aged and older cats
WHY Hyperthyroidism means an overactive thyroid gland. Cornell's Feline Health Center says it mostly affects middle-aged and older cats. The enlarged gland is usually a non-cancerous tumor.

CATS

A cat with hyperthyroidism takes pills. According to Cornell, how long does medication treatment last?

- A** One week
- B** Lifelong
- C** Until the cat gains weight

FLIP FOR THE ANSWER

#4032

SESK.INFO

STRAIGHT FACE
Why did the doctor tell the nurses to be quiet when walking past the medicine cabinet? So they wouldn't wake the sleeping pills!

B Lifelong
WHY Pills or gel control an overactive thyroid but do not cure it, so treatment must continue for life. Radioactive iodine or surgery can cure it, and a vet helps pick.

CATS

Chronic kidney disease affects up to what share of cats over age 15?

- A** About 5 percent
- B** About 20 percent
- C** Up to 80 percent

FLIP FOR THE ANSWER

#4033

SESK.INFO

STRAIGHT FACE
Why did the library book go to the doctor? It needed to be checked out.

C Up to 80 percent
WHY Cornell says kidney disease affects up to 40 percent of cats over 10 and 80 percent of cats over 15. Age is the only known risk factor, so older cats need regular checkups.

CATS

Early in kidney disease, what do many cats show?

- A** No obvious signs
- B** A bright red nose
- C** Sudden loud meowing only

FLIP FOR THE ANSWER

#4034

SESK.INFO

STRAIGHT FACE
Why did the banana go to the doctor? He wasn't peeling well.

A No obvious signs
WHY Cornell says it is very common for cats with kidney disease to show no obvious clinical signs early on. That is why senior cats need regular vet checks and blood tests.

CATS

The SDMA blood test can flag kidney disease in cats when about how much kidney function is lost?

- A** About 75 percent
- B** About 40 percent
- C** About 95 percent

FLIP FOR THE ANSWER

#4035

SESK.INFO

STRAIGHT FACE
Why did the doctor take a red pen to work? In case she wanted to draw blood!

B About 40 percent
WHY Cornell says SDMA rises when about 40 percent of kidney function is lost. The older creatinine test usually rises only near 75 percent. Earlier diagnosis generally means better outcomes.

CATS

Cornell calls one change an important and proven part of treating feline kidney disease. What is it?

- A** Adding protein supplements
- B** Cutting back on water
- C** Switching to a vet-recommended kidney diet

FLIP FOR THE ANSWER

#4036

SESK.INFO

STRAIGHT FACE
What is a cat's favorite vegetable? As-purr-agus.

C Switching to a vet-recommended kidney diet
WHY Cornell says dietary modification is an important and proven part of treatment. Kidney diets limit protein, phosphorus and sodium. Switch gradually so the cat keeps eating.

CATS

Core cat vaccines are recommended for which cats?

- A** All cats, even indoor-only ones
- B** Only cats that go outside
- C** Only kittens, never adults

FLIP FOR THE ANSWER

#4037

SESK.INFO

STRAIGHT FACE
What's a cat's favorite TV show? Claw & Order: Special Kittens Unit.

A All cats, even indoor-only ones
WHY Core vaccines guard against serious, widespread diseases. iCatCare says they are essential for every cat, indoors or out. Your vet adds extras based on risk.

CATS

At about what age is a kitten's first vaccine usually given, per iCatCare?

- A** 6 months
- B** 1 year
- C** 8 to 9 weeks

FLIP FOR THE ANSWER

#4039

SESK.INFO

STRAIGHT FACE
Why don't kittens like online shopping? They prefer catalogs.

C 8 to 9 weeks
WHY Kittens get some protection from their mother's milk, but it does not last, so shots begin early. iCatCare says the first injection is often followed by a second 3 to 4 weeks later.

CATS

When is a cat's first booster usually given after the kitten vaccine course, per iCatCare?

- A** About 1 week later
- B** About 12 months later
- C** About 5 years later

FLIP FOR THE ANSWER

#4041

SESK.INFO

STRAIGHT FACE
What did the cat say when it lost all its money? I'm paw!

B About 12 months later
WHY A booster keeps protection strong after the kitten shots. After that first booster, iCatCare says boosters may only be needed every 1 to 3 years, depending on the vaccine and risk.

CATS

Feline panleukopenia virus is tough. Without proper disinfection, how long can it survive indoors?

- A** A few minutes
- B** About one day
- C** Many months

FLIP FOR THE ANSWER

#4042

SESK.INFO

STRAIGHT FACE
Why don't cats play poker in the jungle? Too many cheetahs!

C Many months
WHY The virus is incredibly robust, which is one reason it spreads so easily between cats. Cornell says it can survive indoors for many months. The core vaccine protects against it.

CATS

Cornell says sudden death from panleukopenia is most often seen in kittens under what age?

- A** Under 5 months
- B** Over 3 years
- C** Over 10 years

FLIP FOR THE ANSWER

#4043

SESK.INFO

STRAIGHT FACE
Why did the cat ask for a drum set? To play some bangin' purrussion!

A Under 5 months
WHY Young kittens are the most vulnerable to this virus. Vaccination is the best protection, which is why the series starts early and finishes at 16 weeks or later.

CATS

How is feline leukemia virus (FeLV) mainly spread, per iCatCare?

- A** Through the air across a room
- B** In saliva, through prolonged close contact
- C** By eating raw fish

FLIP FOR THE ANSWER

#4044

SESK.INFO

STRAIGHT FACE
What's a cat's favorite song? 'Fur Elise.'

B In saliva, through prolonged close contact
WHY FeLV passes mostly between cats that groom each other or share food bowls and litter trays for long time. Bites can spread it too. Ask your vet about testing a new cat.

CATS

What is the most common way FIV spreads from one cat to another?

- A** Sharing a scratching post
- B** Breathing the same air
- C** A cat bite

FLIP FOR THE ANSWER

#4047S

SESK.INFO

STRAIGHT FACE
What do you call a cat who loves to bowl? An alley cat

C A cat bite
WHY FIV is in an infected cat's saliva, and bite wounds from fights are the usual route. That is one reason it is much more common in outdoor cats.

CATS

How many litters per year can an unspayed female cat (queen) have, per iCatCare?

- A** At most 1
- B** Up to 3
- C** Up to 8

FLIP FOR THE ANSWER

#4047Z

SESK.INFO

STRAIGHT FACE
Why did the cat complain all the time? He heard that cats have whine lives.

B Up to 3
WHY Cats can get pregnant young and often. iCatCare says the first season is usually around six months, but it can come earlier. Spaying prevents unplanned litters.

CATS

What do unneutered male cats tend to do, per iCatCare?

- A** Sleep more than neutered cats
- B** Never leave the yard
- C** Roam widely and spray pungent urine

FLIP FOR THE ANSWER

#4048

SESK.INFO

STRAIGHT FACE
What do you call a cat prom? A Fur Ball.

C Roam widely and spray pungent urine
WHY Intact males go looking for mates, roam far and may not come back. They also mark territory with strong-smelling spray, sometimes even in the house.

CATS

As many as what share of cats aged three and older have some dental disease, per iCatCare?

- A** About 5 percent
- B** About 85 percent
- C** About 20 percent

FLIP FOR THE ANSWER

#4050

SESK.INFO

STRAIGHT FACE
What state has a lot of cats and dogs? Pennsylvania.

B About 85 percent
WHY Dental disease is one of the most common problems in cats. Plaque builds up, gums get inflamed and teeth can be damaged. Regular checks and tooth care help.

CATS

A cat eats normally and acts fine. Can it still have painful dental disease?

- A** No, cats always stop eating
- B** Only if it is a kitten
- C** Yes, cats often hide dental pain

FLIP FOR THE ANSWER

#4051

SESK.INFO

STRAIGHT FACE
Why was the cat sitting on the computer? He wanted to keep an eye on the mouse.

C Yes, cats often hide dental pain
WHY Cats are good at masking pain. iCatCare says it's not uncommon for cats to show no signs yet have severe dental disease. Regular vet exams catch it.

CATS

Plaque left on a cat's teeth for more than how long starts to harden into tartar?

- A** 72 hours
- B** 10 minutes
- C** 6 months

FLIP FOR THE ANSWER

#4052

SESK.INFO

STRAIGHT FACE
What song does a cat like best? Three Blind Mice.

A 72 hours
WHY Plaque is a soft film of bacteria. After about three days it starts hardening into tartar, which iCatCare says brushing cannot remove. Daily care stops buildup early.

CATS

Is human toothpaste safe to use for brushing a cat's teeth?

- A** Yes, any toothpaste works
- B** No, use a cat-specific toothpaste
- C** Yes, but only mint flavor

FLIP FOR THE ANSWER

#4053

SESK.INFO

STRAIGHT FACE
What is a cat's preferred kitchen tool? A whisk-er.

B No, use a cat-specific toothpaste
WHY iCatCare says it's not safe to use human dental products for cats. Cat toothpaste is made to be swallowed safely. Start slowly and keep it positive.

CATS

A male cat strains in the litter box but passes little or no urine. What should you do?

- A** Wait a day to see if it passes
- B** Add another litter box and wait
- C** Get to a vet immediately

FLIP FOR THE ANSWER

#4054

SESK.INFO

STRAIGHT FACE
What do you call a cat who runs the post office? Post Meowster.

C Get to a vet immediately
WHY A blocked urethra can become life threatening fast. Cornell calls urethral obstruction an absolute emergency needing immediate veterinary treatment. Do not wait for it to clear.

CATS

Why are male cats at greater risk of urinary blockage than females?

- A** Their urethra is longer and narrower
- B** They drink less than females
- C** They groom more often

FLIP FOR THE ANSWER

#4055

SESK.INFO

STRAIGHT FACE
What did the alien say to the cat? Take me to your litter.

A Their urethra is longer and narrower
WHY Plugs or stones can lodge in a tight, long tube more easily. Cornell says male and neutered male cats are at greater risk of obstruction than females.

CATS

iCatCare says what plays a major role in the common bladder condition feline idiopathic cystitis?

- A** Eating fish
- B** Stress
- C** Too much sunlight

FLIP FOR THE ANSWER

#4056

SESK.INFO

STRAIGHT FACE
What do you call a cat who works in business? A purrfeSSIONAL.

B Stress
WHY Idiopathic means the cause is not fully known, but stress is a big factor. Calm routines, hiding places and plenty of water help. A vet should still check any cat that struggles to pee.

CATS

According to iCatCare, how well do cats tend to mask signs of illness?

- A** Poorly, so illness is always obvious
- B** They never hide anything
- C** Very well

FLIP FOR THE ANSWER

#4057

SESK.INFO

STRAIGHT FACE
Why was the cat so frustrated? She was a purrfectionist!

C Very well
WHY Cats evolved to hide weakness. A cat that is quieter than usual may be unwell. Notice changes in drinking, litter box use and activity, and call your vet.

CATS

A senior cat stops jumping onto the couch. What could this be a sign of?

- A** Arthritis pain
- B** Happiness
- C** A new haircut

FLIP FOR THE ANSWER

#4058

SESK.INFO

STRAIGHT FACE
How do cats say 10/10? Purrfect.

A Arthritis pain
WHY Arthritis is very common in older cats, and they hide the pain. A cat that hesitates to jump, is stiff after resting or grooms less may hurt. A vet can help.

CATS

How can regular grooming help with hairballs, according to iCatCare?

- A** It turns hairballs into treats
- B** It removes loose hair before the cat swallows it
- C** It has no effect on hairballs

FLIP FOR THE ANSWER

#4059

SESK.INFO

STRAIGHT FACE
What game did the cat like to play with the mouse? Catch!

B It removes loose hair before the cat swallows it
WHY Cats swallow loose fur while grooming. That hair passes through or comes up as a hairball. Brushing removes much of it first, especially during moulting.

CATS

How often should longhaired cats be groomed, per iCatCare?

- A** Once a year
- B** Only when matted
- C** At least daily

FLIP FOR THE ANSWER

#4060

SESK.INFO

STRAIGHT FACE
What is a cat's favorite type of fashion? Haute couture.

C At least daily
WHY Long fur tangles and sheds a lot, and swallowed hair can become hairballs. Short, calm daily sessions keep the coat healthy. Do not push a cat that dislikes it.

CATS

Why is it dangerous for a cat to lose weight too quickly?

- A** It can cause fatty liver disease
- B** It makes fur turn white
- C** It improves joint pain

FLIP FOR THE ANSWER

#4061

SESK.INFO

STRAIGHT FACE
Why didn't the cat get promoted? He had terrible littership skills.

A It can cause fatty liver disease
WHY Fat builds up in the liver when a cat eats too little. iCatCare calls it a potentially fatal liver disease. Plan weight loss with your vet and keep it slow.

CATS

How do you tell if a cat may be obese, per iCatCare?

- A** Ribs are easy to see
- B** A thick fat layer makes ribs hard to feel
- C** The tail is long

FLIP FOR THE ANSWER

#4062

SESK.INFO

STRAIGHT FACE
What did the cat say to the dog? Meowt of my way!

B A thick fat layer makes ribs hard to feel
WHY Run your hands over the ribs. An obese cat has fat covering the ribs and bony areas, plus a hanging belly 'skirt' and no waist. Your vet can score body condition.

CATS

Obesity raises a cat's risk of which condition, per iCatCare?

- A** Rabies
- B** Ringworm
- C** Diabetes mellitus

FLIP FOR THE ANSWER

#4063

SESK.INFO

STRAIGHT FACE
What's a cat's favorite dessert? A mice cream cone.

C **Diabetes mellitus**
WHY Extra weight raises the risk of many diseases. iCatCare lists diabetes mellitus, joint stress and worse osteoarthritis. Keeping cats lean protects their health.

CATS

How often should an adult cat see the vet for a full checkup, per Merck?

- A** At least once a year
- B** Once every 10 years
- C** Only when sick

FLIP FOR THE ANSWER

#4064

SESK.INFO

STRAIGHT FACE
What kind of kitten works for the Red Cross? A first-aid Kit

A **At least once a year**
WHY Cats hide illness, so yearly exams catch problems early. The ASPCA also says to go at least yearly. Cats with health needs may need more visits.

CATS

To make vet trips less scary, where should you keep your cat's carrier?

- A** In the attic
- B** Out at home, so it is a familiar place
- C** In the garage with the car

FLIP FOR THE ANSWER

#4065

SESK.INFO

STRAIGHT FACE
Where did the cat go for culture? The meow-seum.

B **Out at home, so it is a familiar place**
WHY If the carrier only appears before vet trips, cats learn to dread it. iCatCare says it should be 'part of the furniture' at home, a place your cat sleeps or eats.

CATS

Per iCatCare, what share of fleas are in the home rather than on the cat?

- A** About 5 percent
- B** About 50 percent
- C** About 95 percent

FLIP FOR THE ANSWER

#4066

SESK.INFO

STRAIGHT FACE
What's a cat's least favorite jacket? A fleas-lined coat

C **About 95 percent**
WHY Most of the flea life cycle happens off the cat. eggs, larvae and pupae in carpets and bedding. So treating the cat alone is not enough. Your vet can advise on safe treatments.

CATS

How do cats get tapeworm from fleas?

- A** By eating fleas while grooming
- B** From drinking milk
- C** From sunlight

FLIP FOR THE ANSWER

#4067

SESK.INFO

STRAIGHT FACE
Why don't cats like house parties? Too many catastrophes.

A **By eating fleas while grooming**
WHY A flea can carry the larval stage of a tapeworm. When a cat swallows the flea while licking its coat, the parasite can grow in the gut. Flea control protects against it.

CATS

Is it safe to put a flea product made for dogs on a cat?

- A** Yes, if you use half
- B** No, some can be deadly to cats
- C** Yes, if it is a mild brand

FLIP FOR THE ANSWER

#4068

SESK.INFO

STRAIGHT FACE
Why are cats good at video games? Because they have nine lives!

B **No, some can be deadly to cats**
WHY Some dog flea products contain permethrin or related chemicals that are deadly to cats. iCatCare says never use a dog flea product on a cat. Ask your vet for a cat-safe choice.

CATS

Merck describes flea excrement on a cat's skin as what shape and color?

- A** Bright green and flat
- B** White and square
- C** Reddish black, pellet or comma shaped

FLIP FOR THE ANSWER

#4069

SESK.INFO

STRAIGHT FACE
What was the special offer at the pet store this week? Buy 1 Cat get 1 Flea!

C **Reddish black, pellet or comma shaped**
WHY Flea dirt is flea droppings, found by parting the fur. Merck says it dissolves to a reddish brown on a damp paper towel. If you see it, ask your vet about safe treatment.

CATS

About how big is a pet microchip, according to the AVMA?

- A** A large grain of rice
- B** A golf ball
- C** A postage stamp

FLIP FOR THE ANSWER

#4070

SESK.INFO

STRAIGHT FACE
What's a cat's favorite board game? Catan!

A **A large grain of rice**
WHY The chip is tiny and goes under the skin, typically between the shoulder blades in the U.S. Unlike a collar, it cannot fall off.

CATS

What kind of collar does iCatCare recommend for cats?

- A** One that is permanently fastened
- B** One made of chain
- C** One with a snap-open mechanism

FLIP FOR THE ANSWER

#4072

SESK.INFO

STRAIGHT FACE
Why can't a leopard hide? Because he's always spotted!

C **One with a snap-open mechanism**
WHY A snap-open collar has a buckle that comes apart and releases the cat if it gets trapped. iCatCare still calls a microchip the safest, most permanent ID.

CATS

According to the ASPCA, how do outdoor cats compare with indoor cats in lifespan?

- A** They do not live as long
- B** They live longer
- C** They live exactly the same

FLIP FOR THE ANSWER

#4073

SESK.INFO

STRAIGHT FACE
What's a cat's favorite color? Purple.

A **They do not live as long**
WHY Outdoor cats face more risks, like cars, fights and disease. The ASPCA says to keep your cat indoors, and iCatCare says indoor cats face fewer physical risks.

CATS

What do indoor cats like, per iCatCare, to stay happy and active?

- A** Staying on the floor only
- B** Being up high
- C** Being in the dark

FLIP FOR THE ANSWER

#4074

SESK.INFO

STRAIGHT FACE
How do you impress a cat at dinnertime? Prepare a fancy feast.

B **Being up high**
WHY Indoor life is safe but can be dull. iCatCare says to offer play, climbing and exploring, with shelves and trees for high places. Daily play sessions with different toys help.

CATS

Why do cat bite wounds often turn into abscesses?

- A** Bites never heal
- B** Cats lick them too clean
- C** They heal over quickly, trapping infection

FLIP FOR THE ANSWER

#4075

SESK.INFO

STRAIGHT FACE
What's a cat's favorite comedy show? Saturday Night Live.

C **They heal over quickly, trapping infection**
WHY Cat mouths and claws carry bacteria that get pushed under the skin. The wound seals fast and pus builds up underneath. See a vet if your cat has a painful swelling.

CATS

How do people get toxoplasmosis from cats, per iCatCare?

- A** They must swallow the parasite
- B** From a cat's purr
- C** From petting fur alone

FLIP FOR THE ANSWER

#4076

SESK.INFO

STRAIGHT FACE
Why shouldn't you buy essential oils from a cat?
It's probably a pyramid scheme.

A **They must swallow the parasite**
WHY Toxoplasmosis comes from swallowing the parasite, for example after touching cat feces or dirty soil and then your mouth. Hand washing blocks this.

CATS

Per iCatCare, what is the risk of getting toxoplasmosis from a cat?

- A** Almost certain
- B** Extremely low
- C** Impossible

FLIP FOR THE ANSWER

#4077

SESK.INFO

STRAIGHT FACE
Why is it annoying to watch TV with cats? They keep pawing the show.

B **Extremely low**
WHY Pregnant people can usually keep their cats. iCatCare advises cleaning the litter tray daily, ideally by someone else, and wearing gloves for gardening. Problems are rare.

CATS

Which parts of a lily are poisonous to cats?

- A** Every part, not just the pollen
- B** Only the pollen
- C** Only the bulb

FLIP FOR THE ANSWER

#4078

SESK.INFO

STRAIGHT FACE
What do you get if you cross a cat with a tree? A cat-a-logue!

A **Every part, not just the pollen**
WHY International Cat Care says all parts of a lily are toxic, not just the pollen. That means a pollen-free lily is still not safe to keep around cats.

CATS

A cat sips water from a vase of cut lilies. How risky is that?

- A** Harmless, it is only water
- B** It can be fatal
- C** Only a mild tummy upset

FLIP FOR THE ANSWER

#4079

SESK.INFO

STRAIGHT FACE
What do you feed an invisible cat? Evaporated milk.

B **It can be fatal**
WHY International Cat Care says even drinking vase water from cut lilies can be fatal. The same goes for eating less than one leaf or licking pollen.

CATS

Lily poisoning in cats mainly threatens which organ?

- A** The lungs
- B** The eyes
- C** The kidneys

FLIP FOR THE ANSWER

#4080

SESK.INFO

STRAIGHT FACE
Why did the cat wear a dress? She was feline fine.

C The kidneys
WHY Cornell says lilies can cause life-threatening kidney failure in cats, even from tiny amounts. The ASPCA lists vomiting, loss of appetite and lethargy among the signs.

CATS

Day lilies are not true lilies. Are they safe for cats?

- A** No, day lilies are poisonous too
- B** Yes, only true lilies are toxic
- C** Yes, if the pollen is removed

FLIP FOR THE ANSWER

#4081

SESK.INFO

STRAIGHT FACE
What should you say to your cat when you leave the house? Have a mice day!

A No, day lilies are poisonous too
WHY International Cat Care says all species of true lily (Lilium) and day lily (Hemerocallis) are poisonous to cats. Cats who survive may need lifelong kidney care.

CATS

After a cat eats lily, signs of poisoning usually appear within about how long?

- A** 2 to 3 days
- B** 1 to 6 hours
- C** About 2 weeks

FLIP FOR THE ANSWER

#4082

SESK.INFO

STRAIGHT FACE
What is a feline's favorite day of the week? Saturday.

B 1 to 6 hours
WHY International Cat Care says signs of lily poisoning occur within 1 to 6 hours. Treatment means a hospital stay with supportive care, and the outlook depends on how quickly the cat is treated.

CATS

You think your cat nibbled a lily leaf but she looks fine. What now?

- A** Wait a day and watch her
- B** Give her a bowl of milk
- C** Call a vet right away

FLIP FOR THE ANSWER

#4083

SESK.INFO

STRAIGHT FACE
How does a cat answer the phone? Meow may I help you?

C Call a vet right away
WHY International Cat Care calls lily poisoning an emergency that needs urgent veterinary care. A cat can look fine at first, so do not wait for signs to appear.

CATS

Acetaminophen is a mild painkiller for people. For cats it is...

- A** Extremely toxic, even a part of one tablet
- B** Safe at half a tablet
- C** Safe if given with food

FLIP FOR THE ANSWER

#4084

SESK.INFO

STRAIGHT FACE
Why don't cats ever say YOLO? They have nine lives.

A **Extremely toxic, even a part of one tablet**
WHY International Cat Care says even part of a single tablet can cause severe toxicity and death in cats. Never give a cat any medicine your vet has not prescribed.

CATS

Why is acetaminophen so dangerous to cats?

- A** It melts their stomach lining
- B** They cannot break it down safely, so toxins form
- C** It makes their bones brittle

FLIP FOR THE ANSWER

#4085

SESK.INFO

STRAIGHT FACE
Did you hear about the cat that thought she was a dog? She was purr-plexed.

B **They cannot break it down safely, so toxins form**
WHY Cats can't turn acetaminophen into a safe form the way people and dogs can. Toxins build up and badly damage the liver and red blood cells.
